Subject: Newsletter 1

Date: December 1st 2014

Dear Go player, organizer and Go minded people,

In March 2015 the next European Youth Go Championship will be organized in The Netherlands. We spread this news to as many people as we know; this is why you receive this newsletter by email. We hope you will get enthusiastic about joining the event as a participant or make a start and organize your national team.

Butterfly logo

The butterfly is an animal of symbolizing personal transformation. We hope to think we contribute to this effect in a good way to teach Go to our children. Go opens their minds and learns them to think in different ways.

To test the skills of our Go playing youth we organize the European Youth Championships. For the year 2015 the Dutch Go association volunteered to organize the event. We hope to welcome many talented and enthusiastic young contestants.

Venue

We found a nice holiday resort at the sea near the town Zandvoort. Swimming in the sea will be no option (unless you are a die-hard). Fortunately the resort offers the indoor recreational center called Beach Factory; leisure and activities for all. We will rent cottages where you can stay during the event. Details about the venue and accommodation you will find on [our website](#).

The Championships

Remember the period from March 12 to March 15 2015. The championships will take place in this period.

There will be three groups: under 12, under 16 and under 20 years of age. Winners of each age category can call themselves European Champion for a year. The tournament will be played in the Business Center of the Center Parcs Beachhotel Zandvoort (next to the resort).

Champions can take part in the World Youth Go Championships or the Globus Cup when they meet the criteria.

Website

The [website of the EYGC](#) will be updated on a regular basis. At this moment not all information is available at the website. Please don't hesitate to contact us if you need additional information.

Hope to see you at the championships!

Yours sincerely

Organizing committee of the EYGC 2015
